## MARKETING AND COMMUNICATION

**A CUTTING-EDGE TRACKED MAIL TOOL THAT CUTS COMMUNICATION TIME AND COSTS WHEN CONTACTING YOUR CUSTOMERS. SEND SERVICE REMINDERS, DUE DATES, AND PROMOTIONS DIRECTLY FROM YOUR PC.**

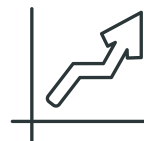

### **COST-EFFECTIVE**

Create, organise and plan any communication campaign, saving up to 50% on mailings without additional activation costs and maintenance fees.

### **CUSTOMISABLE**

Choose between different PostCard templates, customising the various configurable areas according to your needs.

### **EFFECTIVE**

You can monitor the effectiveness of each individual communication campaign and send any additional supporting messages, thanks to integrated advanced analytics.

### **SUSTAINABLE**

The paper used to produce the envelopes and letters is FSC certified, meaning it comes from forests managed in a sustainable and responsible way. It meets environmental, social, and economic criteria and ensures full traceability of the material throughout the entire production chain.

# POSTCARD SPECIFICATIONS AND POSSIBLE LAYOUTS

## GENERAL SPECIFICATIONS

Four-colour printing on 115gr coated FSC paper. Possible composition  
 > 1 double-sided sheet with Takelo®  
 > 1 double-sided sheet without Takelo®  
 > 2 double-sided sheets without Takelo®

## COMPATIBLE WITH TAKELO® MEMOS

A Takelo® can be applied to the PostCard: this removable, repositionable label serves as an additional inspection date reminder.

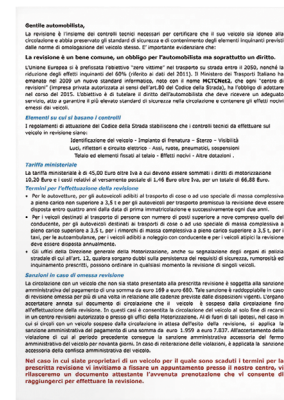

## ADDITIONAL SHEET

As an alternative to the Takelo® memo, you can insert a second sheet - fully customisable on both sides - using any of the layout options available for the back of the first sheet.

## BACK: OPTIONS

- > Pre-filled information text
- > Full page image
- > Three images (horizontal bands)
- > Blank

## ALL LAYOUTS AUTOMATICALLY FILL IN THE NECESSARY DATA

- > Recipient name and address
- > Vehicle type
- > License plate
- > Inspection due date

## MODEL

- » Option to add your company logo or specific images

# MMB

## FISCAL AND ADMINISTRATIVE MANAGEMENT

## e-Bill

### ELECTRONIC INVOICING FOR WORKSHOPS, TYRE SHOPS AND INSPECTION CENTRES, INTEGRATED WITH MMB OPERATING SYSTEMS.

#### SPECIFIC FEATURES

- » Import and export invoices already sent and due to be sent to the SDI
- » Streamlined invoice completion enabled by integration with the product database and explanatory legend for XML schema fields
- » Delivery confirmations, notifications of formal errors, reasons for failed transmission to the Revenue Agency, and proof-of-delivery alerts
- » Verification and validation of recipient data
- » Automated end-of-month invoice management, with centralised management for companies with multiple locations
- » Management of invoices issued to Public Administrations
- » One-click invoice generation from any document created
- » Bulk SDI submission with scheduled or delayed processing
- » Receive supplier invoices directly within YAP
- » Ability to create an incoming tax document for invoices received from suppliers, linking delivery notes to verify consistency between goods delivered and goods invoiced

#### INTEGRATED

The e-Bill solution integrates with W.I.L. and YAP to give you centralised control of the entire electronic-invoicing cycle.

#### SIMPLE

Effortlessly manage your electronic billing for an annual fee. Forget all the problems associated with managing a certified email (PEC) mailbox.

#### COMPREHENSIVE

Manage the entire outgoing and incoming invoicing flow.

#### UPDATED

Monitor the transmission status of all sent and received invoices, receiving timely reports to manage every situation with maximum promptness.

# eTicket Power

**ALLOWS YOU TO ISSUE AND PRINT ELECTRONIC SALES RECEIPTS AND SEND THEM TO THE REVENUE AGENCY, RECORDING EVERYTHING WITHIN THE SOFTWARE FOR COMPLETE CONTROL OVER THE ENTIRE PROCESS.**

## SPECIFIC FEATURES

- » 250mm/sec print speed and automatic cutter
- » Functions: voiding, item reversal, receipt reversal, goods return, cash entries and end-of-day closures
- » Itemised receipt for entering tax code or VAT number and customisable with workshop details or advertising messages
- » Full retrieval of previous receipt, scrolling message, courtesy line, and change calculation
- » Receipt lottery management
- » Connection via LAN or WiFi
- » Automatic posting to the cashbook of all information contained on the receipt

## WHAT THE ALL-INCLUSIVE SUPPORT PACKAGE INCLUDES

- » Telephone hardware and software support for the duration of the contract
- » Mandatory and optional software and firmware updates
- » Mandatory biennial verification
- » Replacement Electronic Fiscal Journal (DGFE) memory modules
- » On-site call-outs
- » Three-year warranty, starting from the date of the device's first fiscal activation
- » 50% discount on replacement with return of the non-repairable device and its accessories, after the first three years from the date of fiscal activation

### INTEGRATED

In the YAP and W.I.L. management systems.

### DEDUCTIBLE

Eligible for hardware purchase incentives.

### SIMPLE AND AUTOMATED

With a print speed of 250mm/s and automatic cutter.

### ALL-INCLUSIVE SUPPORT

Updates, telephone and on-site support, throughout Italy.

### MULTI-STATION

Thanks to connection via LAN or WiFi.

# e→Cash

**MMB BRANDED CASH MACHINE MAKES THE CASH PAYMENT PROCESS FASTER, EASIER AND SAFER FOR YOUR CUSTOMERS**

## SPECIFIC FEATURES

- » Function enabling the amounts collected to be checked for errors
- » ECB certification for counterfeit money detection
- » Drawer can only be opened by designated operators
- » Automatic issue of change
- » Remote control, via smartphone, tablet or PC
- » Large integrated display

## INCLUDES MYCASHMATIC APP

THE APP ALLOWS:

- > **Reception of automatic notifications** for each operation
- > **Monitoring** of all cash fund levels
- > **Management and control** of all sensitive operations
- > **Analysis** of revenue trends
- > **Drafting of automatic** cash reports

### REDUCES TIME

Send the exact amount due directly to the cash desk via YAP allowing the customer to pay independently by feeding in cash.

### PROTECT YOUR TAKINGS

Sturdy and durable, with a drawer that cannot be opened by the operator. Certified by the ECB for counterfeit money detection.

### REDUCES ERRORS

The automated payment process eliminates possible errors in calculating change and prevents cash discrepancies.

# YAP Incassi

- » Work optimisation
- » Saves time and money
- » Document organisation
- » Instant document search and retrieval
- » No more paper waste
- » Optimises office space

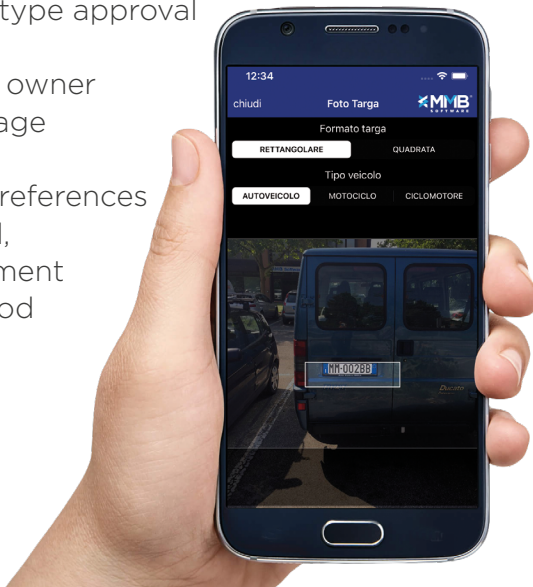

**SMART CHECK-IN FROM YOUR MOBILE: ACCESS YOUR WORK FILES WHENEVER AND WHEREVER YOU WANT. SPEEDS UP VEHICLE CHECK-IN OPERATIONS. ACCESS ALL THE INFORMATION YOU NEED IN REAL TIME.**

### SPECIFIC FEATURES

- » Consult and sign documents online
- » Identify the vehicle and schedule an appointment on the calendar using the license plate recognition function
- » Consult scheduled jobs
- » Create and edit work orders with real-time integration of completed tasks
- » Draft a customisable job checklist
- » Draft free texts using our speech to text function
- » Option of attaching several photographs to each file
- » Use the integrated electronic time stamp
- » Enter the kilometres travelled by the vehicle
- » Send the vehicle to the PCStazione for inspection and pre-inspection
- » Complete and edit type approval technical data
- » Change the vehicle owner
- » Enter tyre and storage information
- » Record customer preferences for contact method, type of fiscal document and payment method

#### CALENDAR

Consult scheduled jobs and add new appointments

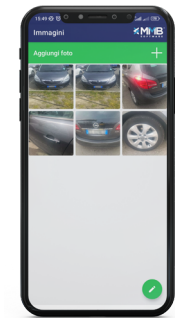

#### RAPID ACCESS

Send the vehicle to the PCStazione and fill in the work order

#### WORK ORDER

Create and edit a work order using customised checklists

#### PHOTO GALLERY

Attach several photographs linked to the individual job and vehicle

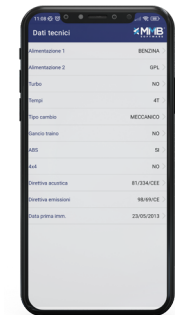

#### TYRES

View and edit data on tyres fitted and in storage

#### DETAILS

View and edit job details

#### TECHNICAL DATA

Complete and edit type approval technical data

# BI Evolution

**BUSINESS INTELLIGENCE GATHERS ALL THE DATA YOU ENTER DAILY INTO YOUR MANAGEMENT SYSTEM AND ORGANISES IT INTO PROGRESSIVELY MORE ADVANCED DASHBOARDS, PROVIDING ANSWERS TO ALL YOUR QUESTIONS – HOWEVER COMPLEX.**

## A MULTI-LEVEL STRUCTURE DESIGNED TO MEET ALL YOUR NEEDS

- » **Free**  
Includes general data and trend tables, which provide a concise snapshot of your company's performance in terms of turnover, vehicle inspections, spare parts, tires, labor, and related services.
- » **Basic**  
Building on the snapshot provided in the FREE version, this edition adds advanced visuals and FILTERS that allow you to dive deeper into your data. You'll also find dedicated dashboards for specific areas, such as bookings and communications.
- » **Plus**  
The PLUS tier is a major step forward: this is where data analysis truly drives value! Monitor your business health through intuitive dashboards that cross-reference data to give you actionable insights into margins and customer loyalty. Plus, leverage smart tools like the Tire Restocking Assistant to track sales and optimize your inventory.

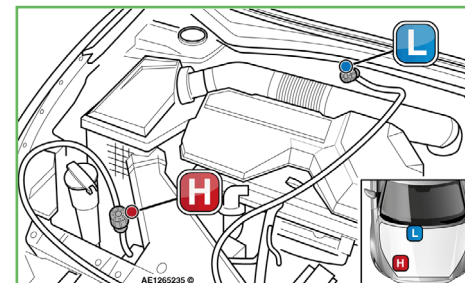

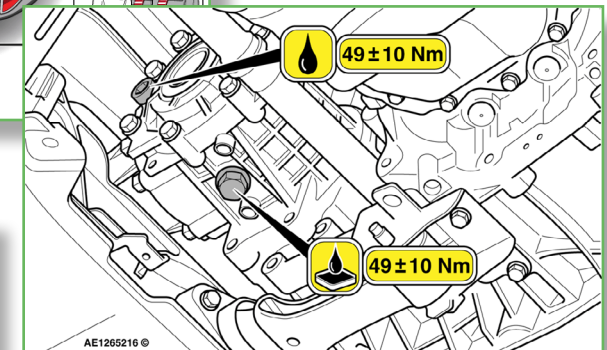

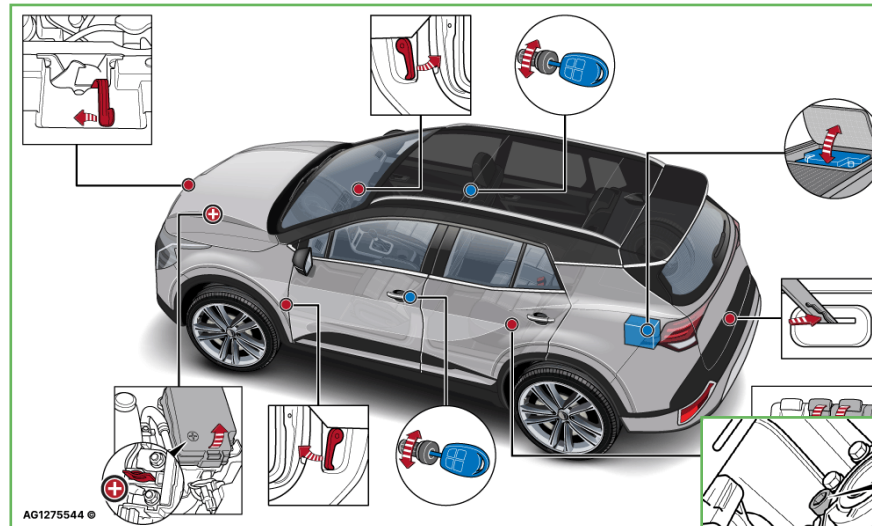

# YAP DataFULL

## INSPECTION SERVICES

# YAP Targa

Inspection services

**DO YOU KNOW HOW MANY OF THE VEHICLES YOU INSPECTED TWO YEARS AGO DID NOT COME BACK FOR THEIR NEXT INSPECTION? ABOUT 50% ON AVERAGE.**

### SAVE TIME AND MONEY

YAP Targa allows you to refine your data and issue prompter, more targeted reminders.

And that's not all...

You can also keep an eye on which non-returning vehicles have already undergone their inspection elsewhere and which have not yet done so.

YAP Targa allows you to notify customers who definitely have not had their vehicle inspected, helping them avoid a potential fine. This increases customer loyalty and recovers inspection job opportunities that would otherwise have been lost.

### ARCHIVE DATA ALIGNMENT

By updating the inspection due date.

### MONTHLY REPORT

On vehicles that were not inspected during the previous month

AB002AA

AC003AA

AD004AA

AE005AA

AF006AA

**REVISIONIONLINE.COM ALLOWS YOU TO CAPTURE WEB SEARCHES FOR CAR AND MOTORCYCLE INSPECTION BOOKINGS AND DIRECT THEM TOWARDS CENTRES THAT USE YAP REVISIONI OR W.I.L. BY MMB.**

### SPECIFIC FEATURES

- » Preferential visibility on the revisionionline.com portal
- » Display of your calendar on the revisionionline.com portal
- » Custom service management: configuration of dates and times, number of lines and vehicle categories for which online bookings are accepted
- » Option for the end user to log in as a registered user or guest
- » Automatic booking request and confirmation notifications
- » Statistical analysis of bookings (included with BI Basic)
- » Integration of the booking service into your website
- » Integration with YAP communication tools: customers can book directly from the message they receive, without entering any data

**INCREASED VISIBILITY  
FOR YOUR CENTRE**

**SMART APPOINTMENT  
MANAGEMENT**

**A CUSTOMISABLE,  
FULLY CONTROLLED  
SERVICE**

**CALENDAR  
INTEGRATED WITH  
YOUR COMPANY  
WEBSITE**

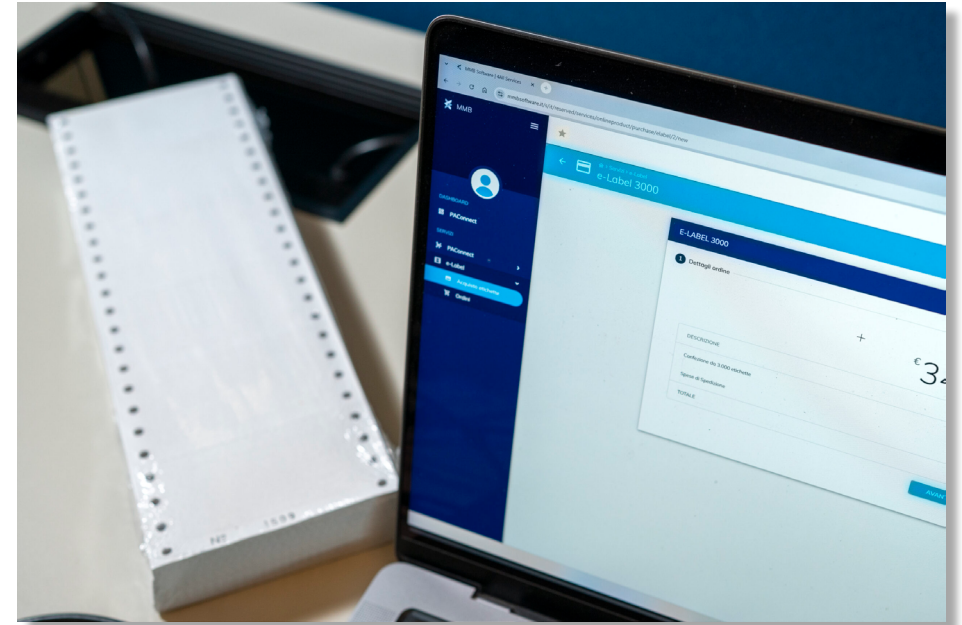

**BUY CONTINUOUS TT 956 INSPECTION LABELS SIMPLY, QUICKLY AND SECURELY WITHOUT LEAVING YOUR INSPECTION CENTRE.**

## SPECIFIC FEATURES

- » White labels, 64x34 mm
- » White color
- » Compliance with MIMS (Minister of Infrastructure and Sustainable Mobility) Circular No 5209 of 17/02/2022
- » Payment by credit card
- » Direct purchase from the management system
- » No fees
- » Prompt delivery to your centre in just 4 working days
- » High-quality paper for smooth, on-time printing

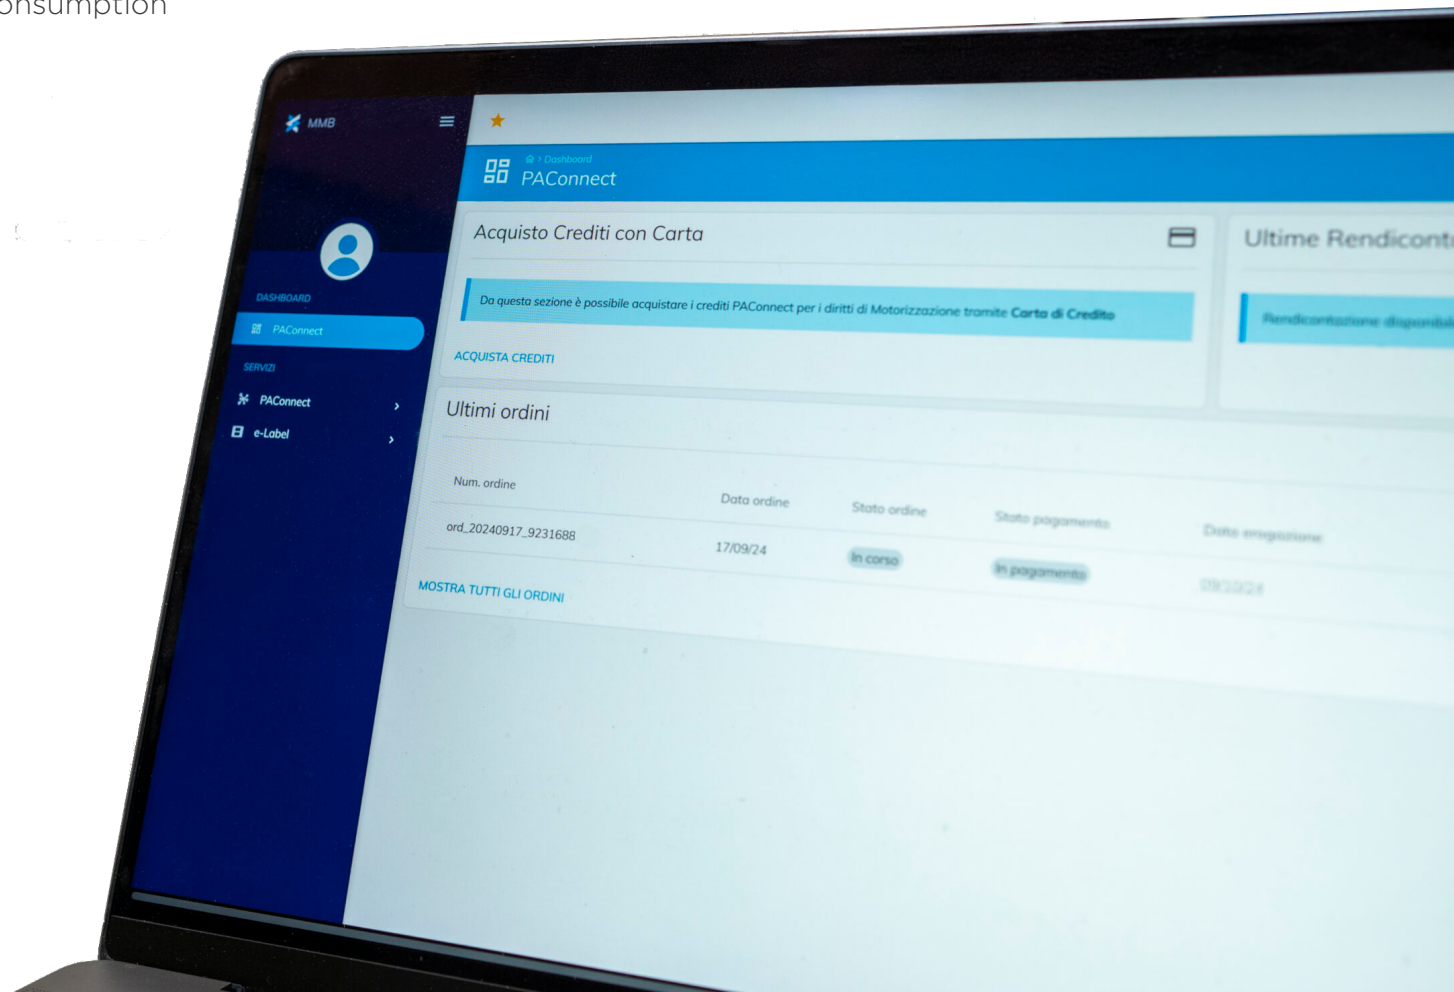

**THE SERVICE ALLOWS YOU TO OPTIMISE THE PROCESS OF PURCHASING UNIQUE PAYMENT IDENTIFIERS (IUV), WHICH ARE NECESSARY WHEN PAYING DEPARTMENT OF TRANSPORT FEES.**

## SPECIFIC FEATURES

- » Detailed service reporting
- » Receipts for each IUV paid
- » Payment by credit card or direct debit
- » Reordering thresholds calculated on actual consumption during the period
- » No fixed fee
- » No software installation or VPN
- » No access to external portals

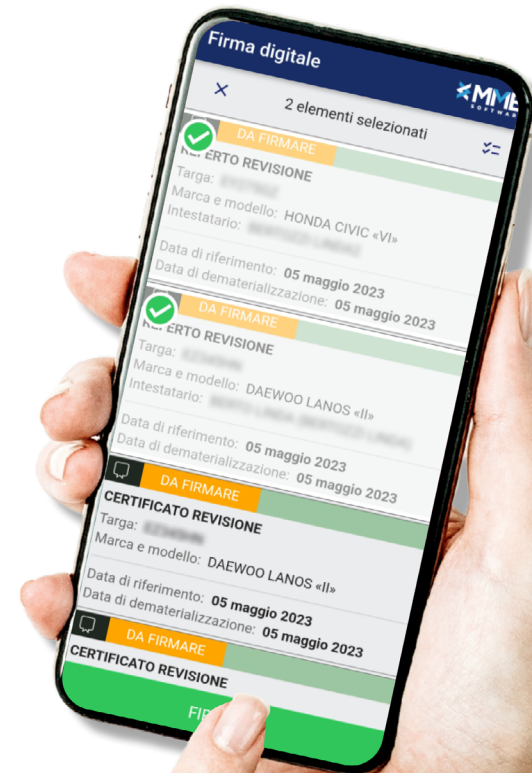

**THE SERVICE ALLOWS THE INSPECTOR TO SIGN INSPECTION REPORTS THROUGH MYYAP OR THE YAP MANAGEMENT SYSTEM. THEY ARE THEN STORED AND MADE AVAILABLE FOR CONSULTATION FOR 10 YEARS AS REQUIRED BY LAW.**

## SPECIFIC FEATURES

- » Ability to electronically sign any document
- » Storage and preservation of inspection-related documents for 10 years, as required by law
- » Option to purchase an electronic signature for each inspector working with the inspection centre
- » Sending the report to the inspector responsible for that specific inspection for signature
- » Service eligible for submitting the Single Register of Insurance and Reinsurance Intermediaries (RUI) registration application
- » No fees for digital storage of inspection documents
- » No limit on the number of documents
